

**Premium Automation at its Finest**

## **Call Elite Pool and Spa Service for your Pool Automation Installation**

Jandy Pro Series AquaLink RS systems enable total control of your backyard experience. AquaLink RS systems are fully integratable with home automation systems, and feature our patented seasonal adjust technology, which can modify schedules throughout the year, for substantial additional energy savings. AquaLink RS delivers the ultimate pool/spa automation experience.

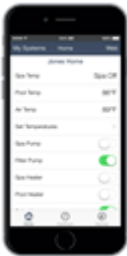

### **Features**

- Control individual pool and spa functions, lighting, and water features from the convenience of your home.
- Automate daily pool equipment functions, such as filtration, sanitation, and cleaning and create one-touch macros.

## Primary Interfaces

The following products are interfaces that are compatible with the AquaLink RS System.

### **iAquaLink™ 2.0 Web-Connect Device**

Intelligent pool control from your smart phone, tablet, or web-connected device.

### **AquaLink RS OneTouch™**

Achieve maximum control of all pool and spa equipment with the touch of one button from this compact, elegant, fully customizable control panel.

## AquaLink Wireless Remote

Wireless control of temperatures, equipment, and lighting.

## Secondary Interfaces

The following products are optional interfaces that are compatible with the AquaLink RS System.

## Spa-Side 4 Function Spa Remote

Spa side control of desired water temperatures and other pool/spa features.

## SpaLink<sup>®</sup> RS Remote

Convenient spa-side control for system control from inside the spa.

## AquaLink RS All Button

The AquaLink RS All Button is attractively styled, easy to operate, and has a single line digital screen that displays temperatures, date, time, and equipment status.

## Power Centers

The following products are power centers that are compatible with the AquaLink RS System.

### AquaLink Power Center

Available in foundation, standard and sub-panel with eight or 12 breaker mount plate slots and knockout for GFCI.

### PureLink Power Center

The Jandy Pro Series PureLink Power Center incorporates AquaPure electronics into the AquaLink RS Power Center for a clean, simple, and cost-effective installation.

## Value-Oriented Automation for Feature-Rich Pools and Spas

The Jandy<sup>®</sup> Pro Series AquaLink<sup>®</sup> PDA automation system provides feature-rich, complete pool and spa control. The PDA system also includes the AquaLink Wireless Handheld Remote for convenient in-home or pool-side control and programming.

Virtually every function of your pool can be controlled, including jets, lights, pool/spa switching, pump speeds, and heater or heat pump temperature and control settings, to name a few.

Schedule filter pumps, pool and yard lights, or any other water feature directly from the AquaLink Wireless Remote.

Control your pool from your smartphone, tablet, or any web-connected device when you add iAquaLink™ to your PDA system.

Sitting poolside, relaxing in the spa, or lounging in a hammock – enjoy wireless remote control of your pool, spa, landscape lighting, or anything else AquaLink can control.

## **AquaLink Wireless Remote**

With the [Aqualink Wireless Remote](#) you can control and program your pool with ease. Featuring a water-resistant housing and non-slip grip, the AquaLink Wireless Remote allows you to control all pool/spa features and auxiliaries and has a large screen to clearly display status and functions.

## **iAquaLink**

Control your pool anytime, anywhere, from any web-connected device when you add the [iAqualink](#) web-connect device to your AquaLink PDA system (Rev 6.0 or

newer). User accounts and apps are free. There are no hidden charges, and nothing more to buy.

**Affordable. Convenient. Easy to Use. Delivers complete pool/spa control in one simple device.**

This affordable and convenient device delivers complete pool/spa control. The AquaLink Z4 provides easy-to-use automation for up to four circuits and three valve actuators.

**Energy Efficient 4-Function Pool/Spa Automation:**

- Easy installation and intuitive set-up
- Compact, in-wall design
- Convenient and easy to use on-board interface

- Four relays control filter pumps, and up to three auxiliary circuits, such as booster pumps, water features, color lights, etc.
- Controls up to three valve actuators
- Spill-over and solar priority functionality built-in

### **User Interface Options:**

- **Onboard, relocatable user-interface**—Convenient and easy to relocate wall-mountable interface (*included*).
- **iAquaLink™ Compatible**—24/7 control from any smart phone, tablet, or web-connected device (*included with some configurations*).
- **AquaLink Handheld Wireless Remote**—Slip-proof, water-resistant housing. Perfect for poolside use or around the house (*optional*).
